## WARNING:

Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Our Docket: FP7509

---

Dear Sir/Madam,

We refer to the above-mentioned U.S. Patent application.

In addition to the PETITION FOR REVIVAL OF AN APPLICATION FOR PATENT ABANDONED UNINTENTIONALLY UNDER 37 CFR 1.137(b), we wish to further add that we included with our response to the Official Communication dated December 20, 2001, which we responded to via fax transmission on February 19, 2002, a request for an extension of time for response within the first month along with the requisite fee (credit card authorization form).

We have only recently discovered from the recent Facsimile Transmission from Ms. Robin O. Evans, dated December 21, 2006 which informs that the images filed March 6, 2002 were available for viewing that a notice informing us that "no credit card authorization is present as stated in the request for an extension" was sent to us, however we never received.

In light of the recent communications pertaining to this case regarding the missing pages and the numerous phone inquiries requesting pertinent documents, we hope that our petition will be granted with little incident.

Respectfully submitted,

LEONG C. LEI
